Description:

Repair and Replacement of Ornamental Fencing at the Attleboro Commuter Rail Station

This grant is funded under the American Recovery and Reinvestment Act of 2009.

This grant uses ARRA fixed guideway funds for the repair and replacement of all ornamental protective fencing at the Attleboro Commuter Rail Station on the MBTA Providence/Stoughton Line. The work will further enhance the renovations and rehabilitation to the exterior and interior of Attleboro Commuter Rail Station project that was previously funded with ARRA urban formula funds. This is a stand alone project that complements, but has independent utility from, the larger station renovation.

All administrative and statutory requirements have been met.

Should you have any questions, please contact the Office of Governmental Affairs (202)366-5696 or (202)366-4573.
